

J. MARR (SEAFOODS) LTD.

Internal & External Vacancy

Position: Container Operations Coordinator

Department: Container Operations

Reports to: Container Operations Manager

Hours: 40 hours per week, Monday to Friday

Salary: Based on experience

Overview:

We are pleased to announce an internal and external vacancy for the position of Container Operations Coordinator.

This position involves close collaboration with the Container Operations Team, Traders and other support functions to establish J. Marr as the leading provider of container logistics in our industry.

Key Responsibilities:

You will report directly to the Container Operations Manager and your role would include:

- Plan the loading and shipment of traded product from source to destination in line with terms of the sale. Source areas of responsibility allocated to this role will be shared amongst the Team and could change throughout the year due to volume and seasonality of Trade.
- Dealing directly with internal teams and external parties to ensure efficient and timely shipments in line with contractual terms of the orders placed by Trading Team.
- Working as part of the Container Risk working Group (alongside Container Operations Manager and FP&A) to manage and minimise the Risks involved with the Container Trade.
- Handle Container claims with shipping lines and Cargo insurers as and when required.
- Ensure maximum margin is achieved on every shipment and maximum supplier / customer satisfaction is provided.
- Produce accurate / timely forecasting information for all interested Stakeholders.
- Ensure timely container loadings in line with agreed terms of sale.

J. MARR (SEAFOODS) LTD.

- Project work alongside Container Operations Manager when required.
- Monitor and handle any issues that arise in the course of shipment up until collection and return of the container by Customer.
- Maintain regular communications with all Trading partners and ensure accurate regular planning information is provided.
- Co-ordination with other support functions and Traders on Logistics matters.
- Seek opportunities to reduce logistics costs and enhance performance and service levels.
- Work alongside Inspection agencies when required to meet requirements of destination markets.
- Collaborate with the Container Operations team to ensure department KPI's are met.
- Integrating the SAP Business system into container operations functionality, both internally and externally, while developing improved reporting and controls in collaboration with the Container Operations Manager.
- This role is part of the wider Container Logistics team and therefore there may be times when you are required to perform roles outside of the formal job description in order to keep the functionality running smoothly and efficiently.

Qualifications:

- Proven experience in a Senior Container Logistics role.
- Exceptional organisational and time management skills.
- Forward thinker with strong problem-solving skills and logical approach.
- Proactive & driven.
- Excellent collaboration, communication and people skills
- Strong interpersonal, influencing and negotiation skills.
- Sensitivity to culture and religion.
- Good geographical knowledge.
- Flexibility and the ability to adapt to changing circumstances.
- Problem-solving ability, particularly when working under pressure.
- Accuracy and attention to detail.
- Numeracy and computer literacy, experience of SAP ideally.
- Good knowledge of Shipping documentation (Bills of Lading, Certs of Origin/Health, VGM etc)

How to Apply:

If you feel you have the necessary skills to apply, please submit your application, including a CV and a cover letter, outlining your suitability for the role. Please send your application to Claire Dilley, no later than 28 March 2025.

Claire Dilley, Business Partner Lead – People & Culture – cd@marsea.co.uk
